

CHELSEA FC FOUNDATION SOCCER SCHOOL

Samiad's 2017 Chelsea FC Foundation Soccer School program is an exciting opportunity for students from around the world to come together for a couple of weeks to combine high quality football training from official Chelsea FC Foundation coaches, whilst also improving their English language.

As well as Samiad's award-nominated English language tuition, Chelsea FC Foundation coaches will take our students through a range of different skills and techniques from elementary passing and receiving drills and team tactics to goal scoring and advanced individual skills sessions.

Students will also get an opportunity to train at Chelsea FC's official training ground in Cobham.
